

# UTELITE FEATURED CUSTOMER

[www.bartile.com](http://www.bartile.com)

Bartile is a custom concrete roofing tile manufacturer. Bartile is a third generation family owned business located in northern Utah. Bartile was started in 1942 in Salt Lake City, UT and has served northern Utah for over 70 years.

- Bartile manufactures over 20 styles of roof tile and over 700 colors options (including slate, shake and mission styles)
- Bartile manufactures the strongest roofing tile on the market (Legendary)
- Bartile's full product line has a 75 year life warranty
- Bartile is available nationwide and have projects in nearly every state in the nation
- Bartile is environmentally friendly, utilizing local sources and recycled aggregates in our tiles
- Bartile recycles all of its tile waste
- If the project is in northern Utah, the price for Bartile (base tile) is less than asphalt shingles
- Bartile manufactures a lightweight product using Utelite that can be used on nearly any roofing structure

“Utelite is the sole provider of our lightweight aggregate used in all of our roofing tile. We are proud to use a local supplier that is a great asset to our community.” Nick Evans - Bartile Roofs Inc. General Manager
