

# Camarata Residence

## Landscape Planting Soil

(Park City, UT)

---

Landscape Architect: **Northland Design Group**

General Contractor: **Dennis Loomis Construction**

Landscape Contractor: **Bratt Landscaping**

Designed to resemble a luxury resort, this residence boasts extensive outdoor courtyards with stunning views of Empire Pass and Old Town Park City. Other amenities include real stone patios, various fire features, and stunning outdoor lighting.

Utelite Corporation worked with the landscape architect to develop and provide amended native topsoil that would provide an optimum soil environment to support the establishment and long-term growth of plants specifically chosen for the project design.
